## **QUARTZRE-LIMS** RELIABILITY & QUALITY ASSURANCE

## Improve Lab Management and Lab Performance

- Generate Projects/Qual Plans Quickly
- Easy to Use Project Templates and Task Recipes
- Track Results for Each Task
- Easily Integrates with Other Databases
- Track Dates and Times for All Tasks & Projects
- Manage Priorities and Resources

The system is highly configurable so that it matches your desired workflow and terminology.

Built upon the proven foundation of our FA-LIMS system, RE-LIMS has 4 levels designed to provide optimum usability while significantly improving your lab's performance.

## **Project** → **Products** → **Events** → **Tasks/Jobs**

The Quartz RE-LIMS Project Planner allows you to manage your resources better while maximizing on-time performance. You can take your entire project plan into Sandbox mode and see how changing one project impacts others.

- The Only LIMS System Designed Specifically for Reliability Labs
- Multiple Sites Can Be Interconnected
- RE-LIMS is Integrated with Quartz FA-LIMS (Failure Analysis Laboratory Information Management and System)
